Mission Statement

To provide members safe, reliable and affordable electricity with excellent customer service.

Vision Statement

To be a trusted energy provider that is prepared to embrace opportunities in a changing utility industry while improving the communities we serve.

Purpose Statement

To improve the quality of life of our members by delivering safe and reliable electricity while strengthening the communities we serve.

Power Source

Seminole Electric Cooperative provides wholesale power to Clay Electric and eight other electric cooperatives. Seminole operates a 1300-megawatt coal-fired plant near Palatka, a combined-cycle generating facility and a 2.2 MW solar facility located in Hardee County, and 310 megawatts of peaking capacity.
